

KITCHEN GRANULES CLOG REMOVER

DESIGNED TO DESTROY TOUGH, GREASY KITCHEN CLOGS

BEST ON GREASE

WORKS FAST

SAFE ON ALL PIPES

WHERE AND HOW IT WORKS

WHERE IT WORKS

Use it in your **kitchen drain**.

NOTE: If your kitchen sink has a garbage disposal, do not use Drano® Kitchen Granules. For a clog try **Drano® Max Gel** and for drain odor try **Drano® Dual-Force Foamer**.

HOW IT WORKS

Drano® Kitchen Granules has a powerful formula that heats water to quickly melt grease clogs in your kitchen sink. It's designed to destroy your tough, greasy kitchen clogs guaranteed! If you're not satisfied, it's **free***. Clogs happen, but with Drano®, you and your drains are unstoppable.

PRODUCT FEATURES

Safe for all pipes and septic tanks

Best on grease clogs

Works in 15 minutes

DIRECTIONS

1. CLEAR

Remove the remaining stagnant water from the kitchen sink with a sponge. If possible, remove drain strainer.

2. POUR

Pour 3 heaping tablespoons of Drano[®] Kitchen Granules in the kitchen drain. Do not use more than instructed.

3. ADD WATER

Immediately pour 2 cups of hot but not boiling water in the drain.

4. WAIT

Allow the product to work for 15 minutes.

5. FLUSH

After 15 minutes, flush/rinse thoroughly with cold water.

6. REPEAT, IF NEEDED

If drain is still clogged, repeat steps one through five. If the problem persists after the second application, consult a plumber.

NOTE: If your kitchen sink has a garbage disposal, do not use Drano[®] Kitchen Granules. For a clog try Drano[®] Max Gel and for drain odor try Drano[®] Dual-Force Foamer.

PRECAUTIONS

Do not mix this product with any other product.

Do not use this product if you have recently treated this clog with a different product.

Do not exceed the dosage as it can cause stagnation or permanent pipe clogging.

Suitable for drain cleaning only.

Do not use with a plunger, do not apply in the toilet, do not use in the bath or in shower.

Do not pour the product in stagnant water or cold water.

Do not use the product if the clog is caused by paper, plastic, or metal objects; do not use in pressurized drain openers or garbage disposals as splash back of lye can occur.

Keep product off of all surfaces, fixtures, and utensils made all or in part of aluminum, stainless steel, wood, paint, acrylic or fiberglass.

Keep hands, face, and clothing away from drain and children away from the sink area.
