Introduction

MassDEP *Permit Applications*, as well as *Instructions & Support Materials*, are available for download from the MassDEP Web site at mass.gov/dep in two file formats: Microsoft Word™ and Adobe Acrobat PDF™. Either format allows documents to be printed.

Instructions & Support Materials files in Microsoft Word™ format contain a series of documents that provide guidance on how to prepare a permit application. Although we recommend that you print out the entire package, you may choose to print specific documents by selecting the appropriate page numbers for printing.

Permit Applications in Microsoft Word™ format must be downloaded separately. Users with Microsoft Word™ 97 or later may complete these forms electronically.

Permitting packages in Adobe Acrobat PDF™ format combine *Permit Applications* and *Instructions & Support Materials* in a single document. Adobe Acrobat PDF™ files may only be viewed and printed without alteration. *Permit Applications* in this format may not be completed electronically.

BRP WP 67 Approval for Pumping Sewage Prior to Septic Tank

Permit Fact Sheet

1. What is the purpose of this approval?

This approval is necessary to ensure that the disposal of sanitary sewage through the use of a subsurface sewage disposal system is performed in an environmentally acceptable manner and in accordance with the provisions of Title 5 of the Environmental Code, 310 CMR 15.000.

For a single-family dwelling designed in accordance with the provisions of 310 CMR 15.229(1) and (2), approval for pumping sewage prior to the septic tank is required only from the local approving authority; no MassDEP approval is required for such systems. However, in accordance with 310 CMR 15.229(3), all other types of facilities need MassDEP approval. MassDEP is the local approving authority for state and federal facilities, and reviews applications for pumping sewage prior to septic tanks at these facilities under another permit, BRP WP 63.

Any individual, business or organization proposing to pump sewage prior to its entrance to a septic tank as part of a Title 5 disposal system pursuant to 310 CMR 15.229(3), but excluding systems designed and approved pursuant to 310 CMR 15.229(1) and (2).

2. What other requirements should be considered when applying for this approval?

Only approval from the local approving authority is required for pumping sewage prior to septic tanks for a single family dwelling designed in accordance with the provisions of 310 CMR 15.229(1) and (2). No MassDEP approval is required for such systems.

MassDEP is the local approving authority for state and federal facilities. All approvals for pumping sewage prior to a septic tank for state and federal facilities are reviewed under another permit: BRP WP 63.

Note: This information on additional requirements is intended to serve as a guide to the applicant. Other requirements may also apply.

4. What is the application fee?

The application fee is \$70.

5. What is the Primary Permit Location? What is the Reserve Copy Location?

Primary Permit Location:

Department of Environmental Protection (2 copies)

_____ * Regional Office

Title 5 Permitting Program

*Find your region: <http://mass.gov/dep/about/region/findyour.htm>

There are no Reserve Copy Locations for these permits.

6. Where can I get a copy of the timelines?

The timelines are available on the MassDEP Website: www.mass.gov/dep/service/online/fees.htm

7. What is the annual compliance fee?

There is no annual compliance fee for this category.
