

**FAST & EASY
STRUCTURALLY STRONG**

Double Barrier Corrosion Resistant coating to complement the Gold Coat product line.

- Designed specifically for attaching wood connectors.
- Replaces Nails, structurally rated.
- Developed and tested to meet high load requirements. High withdrawel capacity.
- Available in two sizes: #9 x 1-3/8-in and #9 x 2-7/8-in.
- Torx #20 head to eliminate stripping.
- Self-tapping shank slot.
- Codes: ICC-ES ESR-2761, Wisconsin Uniform Dwelling Code Chapter SPS 320-325 Appendix B

Common deck connectors that are compatible with LumberLok screws

This is not a complete list of USP connectors that are compatible with LumberLok Screws. Most connectors that are installed with nails can also be installed with LumberLok Screws. For the connectors shown below, the catalog allowable design values will not change when installed with the LumberLok Screws shown.
