CREOSOTE

DESCRIPTION:

Powafix Creosote is a ready to use wood preservative solution to be used on exterior timber for protection against fungal decay and attack by termites and wood boring insects.

RECOMMENDED USES:

- Fences and poles.
- All exterior support timber.
- Exterior rafters and trusses.
- Active ingredient as per label.

FEATURES & BENEFITS:

- A ready to use wood preservative.
- Protects timber against fungal decay & attack by termites & wood boring insects.
- For exterior use only.

DIRECTIONS FOR USE:

- Timber must be dry and free of any surface contamination.
- Cutting, shaping and drilling must be done before treatment.

1. SURFACE BRUSHING OR SPRAYING:

This application provides limited penetration and protection. Apply product liberally and repeat if necessary. Recoat every 12 – 18 months.

2. HOT- COLD OPEN TANK PROCESS:

Completely submerge timber and heat to 93°C. Soak at this temperature for 4 – 6 hours and allow to cool to atmospheric temperature for 12 hours. Timber must be totally immersed during treatment.

USAGE AND STORAGE PRECAUTIONS:

- Store away from food and feedstuff.
- Toxic to birds and fish.
- Taints certain foodstuff such as fats and eggs even if the foodstuffs are not in actual contact with the impregnated timber.
- Stains wood a dark black / brown colour & cannot be painted until a considerable time after impregnation.
- During the drying process the coated timber will continue to give off a strong odour.
- Do not use Creosote in an application where the strong persistent odour will be unpleasant.
- Ensure cap is tightly sealed and packaging is secure and upright at all times.
- Store product in cool, well-ventilated area.
- Secure product when transporting to prevent accidental spillage.
- Keep product away from heat, flames, sunlight, static or electrical sparks.
- Dispose of empty container and do not use for any other purpose.
- Do not dispose product into common waste system.
- Contact 0860 254 620 for product disposal enquiries.

SYMPTOMS OF POISONING:

- Collapse of circulatory system, convulsions, coma, skin irritation, decreased blood pressure.

NOTE TO PHYSICIAN:

- Treat symptomatically.

SAFETY INSTRUCTIONS READ INSTRUCTIONS BEFORE USE Do not handle product until all safety precautions have been read and understood
