

LITERATURE

SOFTENER SERIES

The **Hydroflo Softener Series**, will save you money in many ways. From reducing the amount of soaps and detergents that are needed for household cleaning and doing laundry. To the need for costly plumbing repairs and replacement of fixtures. At the same time providing your family cleaner, better tasting water. This helps to keep your skin soft and smooth while your hair stays silky clean.

FEATURES:

- Polyglass Mineral Tanks
- User Friendly Electronic Control Valve
- High Capacity Resin
- Brine Tank with Safety Float
- Standard Bypass Control Valve allows for ease of installation and service.

*All ATS units are USA made
& meet WQA Standards*
